50 essays a portable anthology is the best selling value priced reader in the country because its virtues don t stop at the price its carefully chosen selections include enough classic essays to reassure instructors and enough high interest and high quality contemporary readings to keep things lively and relevant for students the editorial apparatus is more extensive than in competing value readers but still is flexible and unobtrusive enough to support a variety of approaches to teaching composition in its third edition 50 essays continues to offer selections that instructors enjoy teaching at a price students won t resist but with more editorial emphasis than before on the critical thinking and academic writing skills of today s composition courses

50 essays a portable anthology is a bestselling value priced reader because its virtues don t stop at the price the book s carefully chosen selections engage students and include both classic essays and high interest contemporary readings the editorial apparatus is flexible and unobtrusive enough to support a variety of approaches to teaching composition the sixth edition features new voices on culturally relevant topics as well as sentence guides that help students develop an academic writing voice with templates for a variety of composing situations amazon com viewed august 27 2020

the epigraphy of 1st millennium bce italy has been studied for many years but these studies have largely concentrated on the languages encoded in the inscriptions and their semantic meanings this book takes a more holistic approach that looks not only at content but also the archaeological contexts of the inscriptions and the materiality of their supports the artefacts and monuments on which the inscriptions occur the first writing in italy was not a local invention but was introduced by the phoenicians and greeks in the 9th 8th centuries bce it was taken up by number of indigenous communities over the subsequent centuries to write their own languages before these were eventually submerged by the spread of latin in a series of theoretical methodological and interpretative essays ruth whitehouse explores what can be learned about how writing was used by these communities and what it meant to them the bodies of data considered relate to venetic and raetic the northeast lepontic the northwest messapic the southeast and etruscan west central italy extending also into campania in the south and the po plain in the north while not a comprehensive survey there are enough different groups to allow a comparative approach to be adopted analysis of the datasets is able to reveal the similarities and differences between them as well as identify features that were widespread in 1st millennium bce italy and others that were more idiosyncratic and specific to particular cultural groups placing materiality at the centre of study allows a reconsideration of the roles writing played in the lives of the individuals and groups who occupied italy in the 1st millennium bce
