this work is the product of a gratifying cooperation between the office of naval intelligence and

the naval historical center which throughout the project has provided major support to capt packard s researches and which saw this volume through the publication process the joint effort is intended to provide intelligence professionals scholars and the general public with a detailed topical accounting of the long and varied activities of u s naval intelligence on behalf of the nation equally important it is hoped that the book s detailed references to resources for further research will spark more work in a field that has not been adequately explored by historians in the past the role of naval intelligence in the success of the u s armed forces in time of war and in periods of often precarious peace deserves wider appreciation capt packard has indeed performed a magnificent service to the office of naval intelligence through his painstaking labors naval intelligence is the accumulated knowledge on the naval science and developments in all maritime countries the naval capabilities activities and intentions of all potentially hostile and friendly countries and the characteristics of all possible areas of naval operations it has been a requirement within the u s navy ever since intelligence was used to justify the procurement of the navy s first ships additionally naval intelligence includes the navy s contribution to joint military and national intelligence efforts

in its 114th year billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

each of these 15 volumes covers a period and campaigns in the pacific atlantic and north african waters during world war ii it was morison s aim to show what the u s navy accomplished in the greatest of all wars and how it was done the story in the main is one of fighting that is what the navy is for and what its entire effort was directed toward but the author included enough space to strategic discussions planning organization and logistics to explain the end product the naval operations and when other armed services of the united states and her allies participated he brought them in too although not in so great detail filled with many maps a number of them larger fold outs and black and white photos of the ships personnel and operations
