in this ground breaking book aimed at new generation of students stig stenslie and kjetil selvik provide a new introduction to the contemporary middle east using topical questions about stability and change as a way of interrogating the politics economics and history of the region how have regimes from north africa to the gulf perpetuated themselves in spite of the weakness of the western style state the islamist trend and the destabilising effects of war and terrorism what strategies have states used to control their societies and how have both states and societies adapted over time both an accessible reference resource and a thought provoking analysis stability and change in the modern middle east introduces the key theoretical concepts for understanding the region and the freshest thinking on debates surrounding them and brings the empirical material in to sharp focus through its unique thematic approach

transformative feminist mobilization in the arab region aims to identify how intersectional feminist civil society groups in selected countries in the middle east and north africa mena southwest asia and north africa swana region advocate for change and how they interact with governments and the strategies tools and skills they utilize it assesses their identification of success and failure the factors in their advocacy campaigns and their relationship with governments the book addresses a gap in knowledge production on

how civic engagement and social mobilization can promote accountable governance in fragile and transition contexts the following questions are raised concerning the advocacy strategies of feminist civil society in the arab world to what extent are the strategies employed by intersectional feminists capable of influencing the public policy process how can we determine the success or failure of these strategies in achieving better civic engagement and in gaining popular support for feminists advocacy goals what type of dynamics is developed between the government and these feminist movements what is the role of research in supporting a feminist form of civic engagement and new feminist social movements to build effective strategies toward more accountable governance to answer these questions this book analyzes feminist advocacy campaigns in the region from 2011 to the present day thematic case studies cover two countries each while the broader geographical outreach of the selected campaign is also considered transformative feminist mobilization in the arab region will appeal to scholars and researchers studying the dynamics behind the growing role of civil society in the arab region it will interest those studying feminism political science social movements and the mena swana region more generally

following the arab uprisings new ways of understanding sectarianism and sect based differences emerged but these perspectives while useful reduced sectarian identities to a consequence of either primordial tensions or instrumentalised identities while more recently third way approaches addressed the problems with these two positions the complexity of sectarian identities within and across states remains unexplored this book fills the gap in the literature to offer a more nuanced reading of both sectarian identities and also de sectarianization across the middle east to do so the volume provides a comparative account looking at iraq bahrain yemen syria and lebanon it examines the ways in which sect based difference shapes regional politics and vice versa the book also contributes to burgeoning debates on the role of protest movements in sectarianism chapters are split across three main sections the first looks at sects and states the second traces the relationship between sects and regional dynamics and the third examines de sectarianization that is the contestation and destabilization of sectarian identities in socio political life each section provides a more holistic understanding of the role of sectarian identities in the contemporary middle east and shows how sectarian groups operate within and across state borders and why this has serious implications for the ordering of life across the middle east

the middle east and north africa mena region stands as a remarkable crossroads of tradition and modernity shaped by millennia of history under empires colonial powers and global influences this book unpacks the intricate dynamics of the region examining how historical resource exploitation border manipulation and cultural impositions have profoundly impacted its languages traditions and geopolitical identity the rich tapestry of arabic farsi kurdish and regional dialects reflects a deep cultural resilience that has resisted globalization often fueled anti western sentiments and prioritized the preservation of heritage over rapid economic development central to the region s geopolitical importance is its vast oil wealth which has positioned mena as a

cornerstone of the global energy market and a continuous focus of western interest this book explores how oil exploitation has economically empowered the region while simultaneously fostering political tension external interventions and instability as the global shift toward green technologies accelerates the book examines how this transition might redefine mena's role in the global energy market offering both challenges and opportunities for transformation these dynamics unfold against the backdrop of water scarcity and a scorching inhospitable climate that further complicates the region's path forward grounded in real life case studies and an interdisciplinary blend of historical cultural and economic analysis this book offers an unparalleled exploration of the mena region's past present and future in the context of advanced technological development co-authored by a palestinian native it brings a unique perspective by dissecting ongoing identity crises through unbiased insights and true life conversations with individuals who have embraced diverse religious and political ideologies by intertwining these narratives with the region's deeply rooted cultural practices the book presents a compelling human lens to understand mena's complexities this rare and thought provoking study seamlessly balances traditional and modern perspectives emphasizing the mena region's pivotal role at the intersection of western powers and the global south for readers seeking to grasp the intricate dynamics of a region that continues to influence and adapt to an ever changing global order this book serves as an indispensable resource

this book studies how smaller gulf states managed to increase their influence in the middle east oftentimes capitalising on their smallness as a foreign policy tool by establishing a novel theoretical framework the complex model of size this study identifies specific ways in which material and perceptual smallness affect power identity regime stability and leverage in international politics the small states of the gulf bahrain kuwait oman qatar and the united arab emirates managed to build up considerable influence in regional politics over the last decade although their size is still considered an essential irresolvable weakness which makes them secondary actors to great powers such as saudi arabia or iran breaking down explicit and implicit biases towards largeness the book examines specific case studies related to foreign and security policy behaviour including the gulf wars the arab uprisings the gulf rift and the abraham accords analysing the often neglected small gulf states the volume is an important contribution to international relations theory making it a key resource for students and academics interested in small state studies gulf studies and the political science of the middle east

open banking ends the proprietary control of customer information by banks and allows customers to share their banking financial data with third parties as a matter of right it can also permit customers to allow others to remove funds directly from their bank accounts in return for goods and services all of this is done securely with standardised application programming interfaces apis open banking has developed in different ways and with different objectives across the globe open banking global development and regulation examines the empowering and enabling regulations that facilitate all of this

this book compares a number of different open banking national strategies these range from the focus of the uk and eu on enhanced competition to the more collaborative approaches in many east asian jurisdictions it also looks at the use of open banking for socio economic purpose in brazil and india here open banking forms part of a wider government programme to increase financial inclusion coupled with encouraging economic growth this text will be valuable for fintech companies policymakers and financial services regulators its overarching aim is to demonstrate the possibilities and challenges of open banking and how it is changing lives across the world
