this is a collection of 37 of the most important enduring and influential essays by one of the great linguists of this century gathered from a wide range of journals and books spanning four decades

lexical acculturation refers to the accommodation of languages to new objects and concepts encountered as the result of culture contact this unique study analyzes a survey of words for 77 items of european culture e g chicken horse apple rice scissors soap and saturday in the vocabularies of 292 amerindian languages and dialects spoken from the arctic circle to tierra del fuego the first book ever to undertake such a large and systematic cross language investigation brown s work provides fresh insights into general processes of lexical change and development including those involving language universals and diffusion

policies concerning language use are increasingly tested in an age of frequent migration and cultural synthesis with conflicting factors and changing political climates influencing the policy makers elana shohamy considers the effects that these policies have on the real people involved using examples from the us and uk she shows how language policies are promoted and imposed overtly and covertly across different countries and in different contexts concluding with arguments for a more democratic and open approach to language policy and planning the final note is one of optimism suggesting strategies for resistance to language attrition and ways to protect the linguistic rights of groups and individuals
