excerpt from principles of secondary education a textbook since the first edition of this volume was issued seven years ago there has been a rapid development in some aspects of the american high school the function and educational value of the several studies have not been materially changed consequently no sufficient reason exists for altering the parts of this book that pertain to those topics much pressure however has been brought to bear upon the high school to compel it to alter somewhat fundamentally its leading purposes especially with respect to vocational ends this powerful modern movement calls for a

reexamination of educational principles in the light of present conditions what high school leaders and teachers seem most to desire is a perspective of the whole a situation in order that they may estimate correctly the validity of the respective claims of general and special education for they fluctuate according to the needs and conditions of various locations to meet this need for perspective six chapters upon basic ideals for educational progress have been added about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

excerpt from chemistry and its uses a textbook for secondary schools throughout the text a great many items of interesting in formation as well as supplementary explanation have been thrown into subordinate type it is believed that the matter in large type is complete in itself and nowhere dependent on the subordinate paragraphs however it is thought that so much of interest will be found in these paragraphs that the teacher can easily induce the student to read them even if they are regarded as excess material directions for laboratory work will be found in a separate volume about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

excerpt from principles of secondary education a text book it is the aim of this volume to make an initial statement of such principles in the form of a text book for college and university classes that there is need for such a work in english is evident whether we consider the magnitude of the interests now involved in the american high school or the influence exerted by the monumental german works on gymnasial education from schrader to bau meister or the inadequacy of elementary professional training as a preparation for high school teaching about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
