reading a translation of any book is just not the same as reading it in its original
language and is adequately stated in the phrase lost in the translation whenever
a text is translated from one language to another it loses some of its flavor and
substance the problem is compounded by the fact that a language is tied to the
culture that uses that language when the text is read by a culture different from
the one it is written in it loses its cultural context a biblical example of this can be
found in the hebrew word tsur which is translated as a rock he only is my rock
and my salvation he is my defence i shall not be greatly moved psalm 62 2 kjv
what is a rock and how does it apply to god to us it may mean solid heavy or
hard but the cultural meaning of the word tsur is a high place in the rocks where
one runs to for refuge and defense a place of salvation the living words is an in
depth study into the ancient hebrew vocabulary and culture of the bible
replacing the flavor and substance that has been removed from us

the abuse spectrum is a solid sphere from minuscule to beyond the outer limits of known physics abuse not only of people but of things and places this book covers all of that while incorporating many chapters beyond that topic the hope is a pushback of mischiefs a healing a curative force which goes viral rather than the virility of evil and abuse growing to encompass more and more of the world a book that has been carefully designed crafted to challenge any reader a challenge for tolerance and a challenge towards motivation to fix and properly govern oneself in a new and novel way as the universe falls in into the last day bible style prepare to be shocked horrified and cringed like never before enter the arena of these pages a contest is afoot and lively if one does when taken in its full context the words herein cannot be defeated
