how to be yourself at a party where you don't know anyone
does the self exist
why does grandma put a cap and a plaid sweater on her yorkie
do animals have a reason
how could i have stayed with such a stupid guy for so long
do we only desire things that we consider good
when we hear philosophy we sometimes think of incomprehensible or boring books
the very names of the authors are unpronounceable
kierkegaard
nietzsche
heidegger
living or dead they often look like zombies
they are in their own world and use words that we do not always understand
like idiosyncrasy
ontological or transcendental
in this book we hope to remove these prejudices
philosophy is not boring
it allows us to understand complex things in a simple way
and therefore it is never far from everyday life
it speaks to everyone
it is for everyone
