this dynamic text cases materials book provides a thought provoking guide to the public law of the uk it sets out key institutions legal principles and conventions and its clear commentary draws on case studies and extracts from a range of sources to provide a full

understanding of the law and the major theoretical and political debates

1979 2010 contains data similar to that found in the county and city databook but on the state and msa metropolitan statistical areas levels

this book investigates the effects of technologies and social media on interaction and the political process helping readers to use technologies to address local and global problems and improve systems of governance social equity economic activity sustainability service delivery transparency and the ethical and legal dimensions of public service provided by publisher

in the past african american aspirations for political office were assumed to be limited to areas with sizeable black population bases by and large black candidates have rarely been successful in statewide or national elections this has been attributed to several factors limited resources available to african american candidates or identification with a black liberationist ideological thrust other factors have been a relatively small and spatially concentrated primary support base of black voters and the persistent resistance of many white voters to support black candidates for these reasons the possibility of black candidates winning elections to national office was presumably just a dream conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend but objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions the contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of african american electoral politics this volume is anchored by a symposium that focuses on new possibilities in african american politics both the electoral contests of 2006 and the barack obama presidential campaign represent an emergent dynamic in american electoral politics analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely the debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in american politics and the subsequent changing political fortunes of african american candidates

beginning in the early 1980s readers advisory services were a widely discussed topic in north american public libraries by 2005 almost every public library in the united states and canada offered some form of readers advisory service the services offered have changed significantly in ways perhaps disadvantageous to adult north american library patrons this book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service the book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form the study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose during the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading the book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers historical analysis case studies and statistical charts augment the book's central argument

this book discusses the treatment of cultural products within international trade law focusing on preferential trade agreements trade and culture intersect when cultural

products are involved these mainly encompass cinema broadcasting music videos and publishing either in traditional or digital formats as such products reflect the cultural identities of states they have led to a debate as to whether or the extent to which they should be exempted from trade obligations with multilateral negotiations in gridlock states have increasingly turned to preferential trade agreements concurrently digital technologies have revolutionized how cultural contents are created and distributed the book analyzes the provisions relating to cultural products within trade agreements as well as their relationship with the provisions and guidelines on cultural goods and services under the unesco convention on cultural diversity drawing comparisons between states as to the treatment of cultural products in preferential trade agreements and considering the norms and provisions relating to cultural products under different regimes the book offers a truly comprehensive overview of the evolution of the trade and culture debate the book will be of interest to researchers in the fields of cultural products trade agreements digital technology trade law and cultural diversity
