10 years after my spiritual awakening and after writing over 90 books on life happiness god and enlightenment i realized that a spiritual seeker cannot be enlightened in one aha moment the spiritual journey is much more than that it is a 3 step metamorphosis a transformation that needs one to evolve first from awakening getting that aha of who am i and then living the spiritual awakening and being enlightened thereafter being liberated from this world of pleasure people and possessions and being in a state of eternal happiness free from all misery all suffering i have written several books on enlightenment right from a book on my talaash my quest i have written about how we must exit the highway of achievement transcend fulfillment and reach enlightenment enlightenment is the journey of transcending all karma and going through the process of self realization to reach god realization but how is all this possible all this can only happen if we go through that process of purification and illumination to 4 preface get the basic realization of who am i and why am i here we must answer these two questions while they seem simple they are the most difficult realizations of life if we must attain this we must do it in 3 steps if we want to climb a six foot high rock it is not easy to do it in one step but if we climb two feet at a time it is possible so it is with enlightenment if we divide the spiritual journey into 3 steps we can reach our ultimate destination first we must be awakened with the realization of the truth second we must be enlightened as we live the realizations and finally we

should go beyond who we are not we must be liberated and united with the divine the realizations are simple but as long as we live as the mind and ego we can never be truly free to be our true self the body will die and we will return to earth in a rebirth as we suffer and cry because we do not discover who am i this book can be the key to your spiritual journey it can help seekers attain god step by step it is easy but needs sincere commitment and effort it needs the guidance of a guru an enlightened master but surely if one follows this as an enlightenment manual one will achieve the ultimate goal of liberation what is unique in this book is the 3 step method don t try to be enlightened in one flash enlightenment is a journey of awakening that needs realization first thereafter we must put these realizations into action making it our mission if there is enough passion ultimately there will be liberation from all ignorance and unification with the divine we will be free from all misery on earth and the cycle of death and rebirth we will achieve our ultimate goal as we live as the divine soul where are you on the spiritual journey are you fully awakened are you enlightened when will you be liberated

there is a value in seeing how spiritual awakening and being human meet in an ordinary life in relationship with our partners kids families and friends with our busy lives in illness transitions death careers and in every area of our lives this book is a call to awakening and embracing and transforming our humanity it is a radical guide to spiritual awakening in the modern world not written from the monastery or ashram but from someone who has lived in the pain of samsara from someone who after years of seeking and meditation found surrender in the depths of pain while life was falling apart around him craig holliday is both a nondual teacher and a therapist he teaches in a way that instructs us to not run from life but to face life head on through embracing every moment as it is through this absolute embracing we are given the gift of discovering that our beauty our innate divinity is right here within us that our very humanity is the doorway to our freedom craig has spent 20 years intensely seeking meditating and studying with some of the world s greatest nondual teachers beyond his spiritual training he has also bridged the gap between eastern spirituality and western psychotherapy after years of trying to transcend his humanity through meditation and spirituality his search brought him to the study of psychology and the emphasis on working with our humanity instead of simply trying to transcend it through this combined work of psychology and nondual spirituality craig offers a seamless transmission of nondual spirituality which fully acknowledges our humanity and our overwhelming beauty and divinity his work is dedicated to the discovery of our innate divinity in every aspect of our lives he works in a way that addresses our everyday human suffering as a doorway to our inherent freedom craig offers satsang workshops retreats and meets with individuals from around the world via skype for more information about craig visit [craigholliday.com](http://craigholliday.com) from the author if you want to learn from a guru or master or saint go elsewhere i am simply a normal ordinary human who has struggled with life who has been pulled in every direction and who failed totally at life and yet this failure lead to a deep surrender to reality from this place of surrender i write about the ineffable if you want to examine with me what it means to be awake and how to work with a huge amount of karma and egoic conditioning read on if you want to know how to work with repetitive difficult emotions with anxiety and pain with a career kids and relationships read on if you want to examine what life before during and after awakening is what enlightenment is beyond ancient mythological or a dogmatic understandings read on if you are compelled to examine with me what it means to be human and divine not in some philosophical sense but in the context of a down to earth awakened practicality what follows are a collection of

reflections teachings writings and personal experiences written over the period of many years that weave together what this radical shift called awakening is life is ever unfolding ever changing and the divine expression of our humanity is never fully worked out yet if we want to be fully free we must be willing to love and embrace all of life even our very own egoic nature which paradoxically is the divine as well no aspect of life is outside of divinity many books are written from a perspective of impersonal enlightenment i wanted to share both the impersonal and personal because that is what it is like to be human whether we are a buddha or someone lost in pain and suffering we all have some degree of a personal egoic nature it is important to include both our humanity and our divinity we have denied one or the other for ages but both are god this work is an effort to create a deep understanding of what it is like to be human and awake join me in this exploration
