recent research has shown that group learning is a method of classroom organisation with which many teachers feel uncomfortable yet well done it can produce greater independence greater cooperation and better quality work from children of all abilities talking and learning in groups like the rest of the leverhulme skills series attempts to identify in general terms the competencies and strategies which are needed for this aspect of class management and to guide teachers in discovering what works for them the modular text gives evidence of the success of cooperative learning and discusses its various forms it then gives specific guidance on how to do it there are individual sections on choosing groups on groups management and training and on monitoring and assessment the text is supported by activities both for discussion and for use in the classroom and by transcripts of actual classroom conversations and illustrated with ten specially commissioned black and white photos showing various aspects of cooperative learning

this book reads jean jacques rousseau with a view toward deepening our understanding of many political issues alive today including the place of women in society the viability of traditional family structures the role of religion and religious

freedom in nations that are becoming ever more secular and the proper conduct of american constitutional government rousseau has been among the most influential modern philosophers and among the most misunderstood the first great philosophic critic of the enlightenment he sought to revive political philosophy as it was practiced by plato and to make it useful in the modern world his understanding of politics rests on deep and often prescient reflections about the nature of the human soul and the relationship between our animal origins and the achievements of civilization this book demonstrates that the implications rousseau drew from those reflections continue to deserve serious attention
