during the second half of the twentieth century development in the asia pacific region has been dominated by industrialization however at the beginning of the twenty first century services in particular finance information and creative services have become deeply embedded in the processes of urban growth in asia pacific the rise of service industries has lead to national modernization programmes and globalization strategies services are also driving change in the internal form of city regions and are being actively deployed as instruments of metropolitan reconfiguration and land use changes these changes have created problems such as social polarization and the displacement of traditional industries and residential districts also there are tensions between local and global processes in the development of service

industries and between the imperatives of competitive advantage and sustainable development service industries and asia pacific cities brings together a multi disciplinary team of experts to explore and illustrate the theoretical conceptual and practical issues arising from the transformation of asia pacific cities by service industries

the challenges for young people making the transition to adulthood are greater today than ever before globalization with its power to reach across national boundaries and into the smallest communities carries with it the transformative power of new markets and new technology at the same time globalization brings with it new ideas and lifestyles that can conflict with traditional norms and values and while the economic benefits are potentially enormous the actual course of globalization has not been without its critics who charge that to date the gains have been very unevenly distributed generating a new set of problems associated with rising inequality and social polarization regardless of how the globalization debate is resolved it is clear that as broad global forces transform the world in which the next generation will live and work the choices that today s young people make or others make on their behalf will facilitate or constrain their success as adults traditional expectations regarding future employment prospects and life experiences are no longer valid growing up global examines how the transition to adulthood is changing in developing countries and what the implications of these changes might be for those responsible for designing youth policies and programs in particular those affecting adolescent reproductive health the report sets forth a framework that identifies criteria for successful transitions in the context of contemporary global changes for five key adult roles adult worker citizen and community participant spouse parent and household manager
